On September 11, 2001 the United States of America was attacked by the Islamic terrorist group called al-Qaeda. The attack was a series of four coordinated terrorist attacks. The attacks killed 2,996 people and injured over 6,000 others and caused over \$3 trillion in total costs.

Four passenger airliners operated by two major U.S. passenger air carriers (*United Airlines and American Airlines*), all of which departed from airports on the north-eastern United States bound for California, were hijacked by nineteen al-Qaeda Muslim terrorist.

For over twenty-years we were in a no-win war in Afghanistan.

As absurd as it is the Socialist Robert's Supreme Court ruled that American troop must provide the Muslim terrorist with Maranda and Due Process Rights. The same court has ruled that American Indians do not have Constitutional rights with tribal governments. Something is incredible wrong here in America.

We have elected anti American Muslims to congress and had a president that not only supported the Muslim but, has a half brother that is a member of Hamas. He also gave the Muslim Brotherhood millions of dollars worth of military weapons. And he gave Iran over half a billion dollars in cash.

And his shameful Benghazi disaster

On January 23, 2013 Secretary of State Hillary Clinton said, during the House on Foreign Affairs Committee hearing on Benghazi, Libya.

"What difference, at this point, does it make?"

And, now we have a bunch of buffoons gifting the Taliban millions of dollars in weapons while thousands of Americans and Afghan people that aided us have been stranded in harms way due to their incompetence. The majority of Americans support the withdrawal from Afghanistan. It's the absents of an exit plan that is troubling as well as any coherent leadership.

'Could easily get elected': Here's why Tucker says Kamala 'is the hallmark of evil'

Newly installed Democratic nominee Kamala Harris is a byproduct of the Obama Machine™, (More like the Soros Machine.) someone who responds well to coaching and has few moral boundaries to get in the way of the quest for power.

Harris, who oversaw the greatest invasion of illegal aliens in U.S. history, can stand before a national audience and declare with a straight face, "I know the importance of safety and security especially at our border."

The remark was part of her acceptance speech at the Democratic National Convention, but that wasn't the only chilling example of Kamala's ruthlessness, as Tucker Carlson noted.

Listening to Harris detailing in her speech almost verbatim what the Biden-Harris administration has been doing, projecting these actions onto Donald Trump, Carlson interjected his thoughts while calling her the "hallmark of evil."

"This woman's really scary. She could easily get elected president. She's much more skillful than I have ever seen," Carlson observed.

"She's a liar on the deepest level, the things is saying right now are not just untrue, they're the opposite of the truth, which is the hallmark of evil," he added. "She's an extremist, she'll say anything. She's much more like Gavin Newsom than I ever realized."

"I could go through a whole litany of why what she's saying is not true," Tucker said, before detailing several examples of this.

"I guess what I'm saying is, and I don't want to sound like I'm whining or fact-checking, which I hate, but what she's saying is the mirror image of the truth. She doesn't care," he added. "She's got no reference points in the truth and she's an extremist."

Carlson pointed out that Harris is a former prosecutor and said "No former prosecutor should hold power. Period."

"I've covered them my whole life. I've intensely disliked every single one of them for good reason," he explained. "I think they're scary. They're liars and they're megalomaniacal and they put people in prison for political reasons."

By permission of Gary Varvel and Creators Syndicate, Inc

I've seen it again and again and again and she's one of them."

This is one of those rare times I completely disagree with Tucker. She is NOT more skillful, she is an apparition built around an empty suit with no soul and no she cannot easily be elected unless serious fraud is committed. I do agree that she is a liar of the deepest level.

Lawmakers press USDA head on 'food shortage crisis' facing tribes nationwide

Congressional funding chiefs on Monday pressed U.S. Agriculture Secretary Tom Vilsack for more information on what they're describing as a "food shortage crisis" facing tribes nationwide.

House Appropriations Chair Tom Cole (R-Okla.) and Senate Appropriations Chair Patty Murray (D-Wash.) led the letter requesting the information, along with the ranking members on each committee and subcommittee heads on both sides.

The letter particularly singles out the Food Distribution Program on Indian Reservations, stating tribes are in "a dire situation" due to a "failure to ensure food has been received by Tribes in a timely manner" via the program.

"The program serves some of the most vulnerable people in our country, and recipients have reported bare shelves, having received expired food items, and inconsistent food deliveries for over four months," the letter stated. "Tribes are deeply worried about when food will arrive and when USDA will resolve this situation. It is the federal government's responsibility to uphold its trust and treaty obligations to Tribes, and this situation must be resolved immediately."

Lawmakers also raised concerns about "similar potential issues with the Commodity Supplemental Food Program," noting "seniors rely on this supplemental food, and any delay is unacceptable."

Kamala Harris: Goals to RULE America

As with the Clinton's, Obama & Biden the Ultimate Goal is to RULE Over America and the 8-Steps listed below are designed to Bring This GOAL to Realization.

Do you recognize how the 8-Steps are currently used to force the American people into Government dependency.

- 1) **Healthcare** — Control healthcare and you control the people
(*Obamacare & the most resent, "If you like your doctor,..." pitch.*)
- 2) **Poverty** — Increase the Poverty level as high as possible, poor people are easier to control and will not fight back if you are providing everything for them to live. (*Inflation, Open Border, More Taxes*)
- 3) **Debt** — Increase the debt to an unsustainable level. That way you are able to increase taxes, and this will produce more poverty. (*\$35 Trillion National Debt*)
- 4) **Gun Control** — Remove the ability to defend themselves from the Government. That way you are able to create a police state. (*On It*)
- 5) **Welfare** — Take control of every aspect of their lives (Food, Housing, and Income). (*Food Stamps, Section 8 Housing & Temp Aid Needy*)
- 6) **Education** — Take control of what people read and listen to — take control of what children learn in school. (*Woke: Media, Schools, Big Tec, Gender Identity is more important than Reading, Writing or Math.*)
- 7) **Religion** — Remove the belief in God from the Government and schools. (*Abortion, No prayer in School or Gov. Functions*)
- 8) **Class Warfare** — Divide the people into the wealthy and the poor. This will cause more discontent and it will be easier to take (Tax) the wealthy with the support of the poor. (*diversity, equity, and inclusion AKA Affirmative Action on Steroids, critical race theory & Business Taxes so things cost more.*)

When Kamala Harris was San Francisco's district attorney from 2004 to 2011 and California Attorney General, 2011-2017.

Joey Piscitelli was a newly minted spokesman for clergy sex abuse victims in 2004. Piscitelli claims that Kamala Harris not only failed to enforce the child sexual abuse complaints filed against the Catholic Church, she actually covered it up.

Joey Piscitelli, a 69-year-old clergy sex abuse victim and advocate for survivors of clergy sexual abuse, recently raged Harris' portrayal of her record as being tough on sex offenders was "bulls—".

He fumed: "She was handed a room full of cases and boxes of names of sex offenders, and all that in the church right there under her nose."

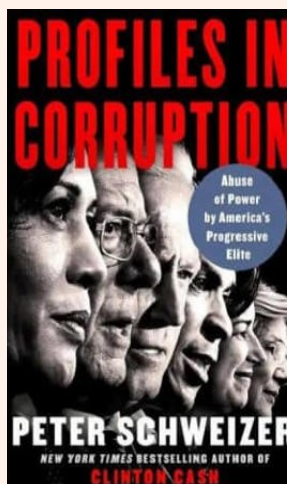

Piscitelli's latest comments come after he told investigative author Peter Schweizer in 2020 Harris' camp was lying when they insisted she was on a mission as DA to prosecute sexual abuse cases.

He was quoted raging in Schweizer's book *Profiles in Corruption: Abuse of Power by America's Progressive Elite*: "They're full of s—. You can quote me on that. They're not protecting the victims."

Schweizer added in his book about Harris' journey to the corridors of power from her time in the legal world: "The reality of her rise to prominence is far more complicated and how she has leveraged her power along the way is troubling."

Schweizer states the most glaring proof of how Harris "covered up" and "deep-sixed" probes into pedophile priests is that as a chief prosecutor, Harris failed to prosecute a single case of priest abuse.

Harris Endorses Biden's Tax Proposal, Including New Taxes on Home Sales

[Read More @ Nature of Home](#)

On top of that, the President proposes raising the corporate minimum tax rate on billion-dollar corporations from 15% to 21%, ensuring that these companies pay more of their fair share, even if they exploit other tax breaks. Next, Biden is targeting the ultra-wealthy with a 25% minimum tax on individuals whose wealth exceeds \$100 million. This aims to address the glaring inequity where many billionaires currently pay a lower tax rate on their total income than middle-class workers do. This measure is squarely focused on the top 0.01% of Americans, ensuring they contribute more fairly to the nation's tax base.

In a bold move to curb stock buybacks, which have been criticized for prioritizing shareholders over workers, the President proposes quadrupling the tax on stock buybacks from 1% to 4%. This could potentially redirect corporate funds toward investments in workers and infrastructure, aligning with broader economic goals.

MY VIEW by *Ernie C. Salgado Jr.*

Let's keep this simple, "We the People" once again get screwed! The Oil Companies only pay the tax money that they collect at the gas pumps from "We the People."

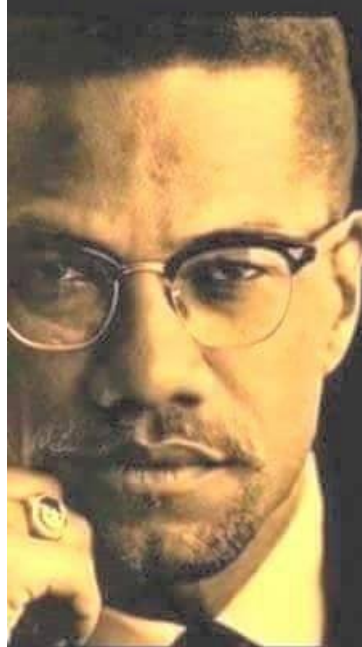

Now, multiply the tax increase on the big bad oil companies to the giant companies that produce our food, clothes and cars, just to name a few and watch inflation go completely out of control.

Just to give you an educated guess this proposed Biden/Harris tax will increase the cost of goods and services for each one of "We the People" to between \$550 & \$800 per month more than "We the People" are paying now.

Please read this statement objectively for a better understanding of the political agenda of the Democrat Party AKA American Socialist Party. "The primary goal of Socialism is to force "We the People" to be dependent on the Federal Government for all the needs of "We the People." And "We the People" will have no vote.

President Biden's tax plan is designed to increase tax revenue while promoting fairness across the board. Let's break down the key proposals that the administration has put forward. First on the list is a proposed increase in the corporate tax rate. The plan would raise this rate to 28%, a move that targets large businesses and their profit margins. This is still lower than the pre-2017 tax law rate of 35%, but it's a significant step up from the current 21%.

'This Path Leads To Bread Lines & Ugly Shoes,' Says Elon Musk About Kamala Harris' Price Controls And Potential Tax Policies

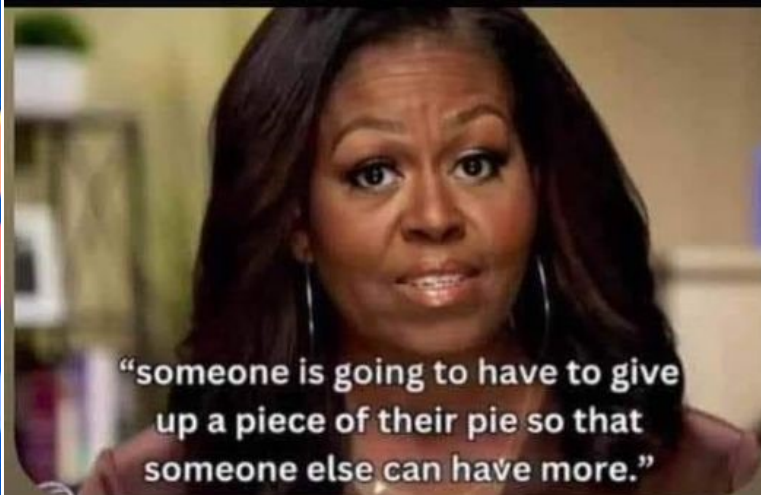

In a recent X exchange (Former Twitter), Elon Musk stirred up the conversation by commenting on Kamala Harris's proposed economic policies, specifically targeting her ideas around price controls and new taxes.

Responding to a tweet that supposedly outlined Harris's proposed policies, including a 28% corporate tax, a 44.6% capital gains tax, and a 25% tax on unrealized gains, Musk quipped, "This path leads to bread lines & ugly shoes."

John Fetterman skipping DNC, says he has no regrets – here’s why

John Fetterman is skipping this week’s Democratic National Convention in Chicago, and, to hear it from him, it has nothing—literally nothing—to do with him scotch-taping photos of the Israeli hostages to his Senate office walls. Or attacking fellow Democrats Rashida Tlaib and Ilhan Omar for falsely blaming a hospital bombing in Gaza on Israel. *(It’s truly disturbing that Members of Congress rushed to blame Israel for the hospital tragedy in Gaza. Who would take the word of a*

group that just massacred innocent Israeli civilians over our key ally?) the outlet added.

Or comparing the pro-Hamas encampment at Columbia to a neo-Nazi rally (‘Add some tiki torches and it’s Charlottesville for these Jewish students,’ he tweeted),” **The Free Press** reported.

“Nor is it about ‘Fetterman Alumni for Peace’—a group of former Fetterman campaign staffers—publicly scolding their old boss: ‘It is not too late to change your stance and stand

on the righteous side of history,’” Fetterman has three children who are out of school for four days. He claims he wants to spend time with them and believes that is more important than a political gathering. And he seems to not give a rip whether he would be welcome in Chicago or not. The decision to forego the convention was made some time ago by the senator.

The Pennsylvania Democrat has

been a staunch supporter of Israel and has taken a strong stand for them ever since Hamas attacked the Jewish state on Oct. 7, 2023, slaughtering 1,200 civilians and kidnapping hundreds more. His stomach turned at the raping and torturing of innocent Israelis and others on that day.

The Center Square 15 states sue Biden-Harris administration for enrolling noncitizens in Obamacare

(The Center Square) – A coalition of states led by Kansas has sued the Biden-Harris administration to block the federal government from providing free health care through the taxpayer-funded Affordable Care Act, otherwise known as Obamacare, to foreign nationals in the U.S. illegally.

Kansas Attorney General Kris Kobach filed the lawsuit in U.S. District Court for the District of North Dakota Western Division and was joined by attorneys general from 14 states. The U.S. government and the Centers for Medicare and Medicaid Services are named as defendants.

At issue is a CMS final rule change called, “Clarifying the Eligibility of Deferred Action for Childhood Arrivals (DACA) Recipients and Certain Other Non-Citizens for a Qualified Health Plan Through an Exchange, Advance Payments of the Premium Tax Credit, Cost-Sharing Reductions, a Basic Health Program.” In it, CMS redefines the legal term of “lawfully present” to include DACA recipients.

When Congress enacted the ACA, it limited eligibility only to “citizen[s] or national[s] of the United States [and] aliens lawfully present in the United States.” By changing the def-

inition of “lawfully present” to include DACA recipients, CMS is enabling them to have access to taxpayer-funded ACA coverage. Doing so violates the Administrative Procedures Act, federal law that prohibits taxpayer-funded benefits from being given to illegal foreign nationals, and the Affordable Care Act, the **complaint states.**

Congress has already limited eligibility coverage, which excludes DACA recipients. Additionally, “DACA recipients are, by definition, unlawfully present in the United States,” the complaint states. “Indeed, eligibility for DACA requires unlawful presence in the United States.”

Former President Barack Obama created DACA through executive order in 2012. It shielded children from deportation who were brought into the country illegally by their parents and has been in litigation for 12 years. A federal judge has twice ruled DACA is illegal. The most recent ruling was in a multi-state lawsuit led by Texas to end DACA once and for all, The Center Square **reported.** The U.S. Supreme Court is ultimately expected to decide the case.

Numerous reports suggest between 700,000 and 800,000 DACA recipients live in the U.S. The Los Ange-

les Times **reports** there are 578,680 on record with the U.S. Citizenship and Immigration Services as of March 2023.

In June, President Joe Biden announced he was expanding deportation protections for DACA recipients and streamlining request waivers to make it easier for them to obtain temporary visas, The Center Square **reported.** DACA supporters argue recipients should be granted citizenship, claiming they contribute to the U.S. economy and are constructive members of society.

Others argue those with criminal records, at a minimum, should be deported. Within the first five years of the program, nearly 80,000 DACA recipients were released into

the U.S. with arrest records, The Center Square **reported.**

“Illegal aliens shouldn’t get a free pass into our country,” Kobach said. “They shouldn’t receive taxpayer benefits when they arrive, and the Biden-Harris administration shouldn’t get a free pass to violate federal law. That’s why I am leading a multi-state lawsuit to stop this illegal regulation from going into effect.”

Joining Kobach are the attorneys general representing Alabama, Idaho, Indiana, Iowa, Missouri, Montana, Nebraska, New Hampshire, North Dakota, Ohio, South Carolina, South Dakota, Tennessee, and Virginia.

'Bald faced lie': PBS reporter retracts bogus accusation against Trump after eager leftists eat it up

Judy Woodruff of PBS News has backed down from a spurious claim she made earlier this week about former President Donald Trump.

She accused him of having pressured Israeli Prime Minister Benjamin Netanyahu during a recent phone call into not accepting a ceasefire deal with Hamas because the deal would have made Vice President Harris' presidential campaign look good.

"The reporting is that former President Trump is on the phone with the Prime Minister of Israel, urging him not to cut a deal right now, because it's believed that would help the Harris campaign," she said Monday.

Her remarks were eaten up by the left, who then proceeded to accuse Trump of having committed treason and of deserving to be arrested.

Her remarks were eaten up by the left, who then proceeded to accuse Trump of having committed treason and of deserving to be arrested. actor Steven Pasquale tweeted. *"Logan act. A crime. We still have laws here don't we?"*

Speaking of the Logan Act, a discredited left-wing PAC, the American Muckrakers PAC, has already accused Trump of violating it.

"Today, we became aware that former President Donald John Trump is allegedly violating the

Logan Act by negotiating, and/or interfering, with the Prime Minister of Israel Benjamin Netanyahu regarding relations between the United States, Israel, and other parties," a letter sent by the PAC to the Biden administration reads.

There's just one problem. The accusation is bull. Indeed, both Trump's campaign and Netanyahu's office have disputed that a call was even made in the first place.

"Contrary to media reports, Prime Minister Benjamin Netanyahu did not speak yesterday with former President Donald Trump," Netanyahu's office said in a statement to the **Times of Israel**.

Speaking at a New Jersey press conference last week, Trump likewise said that the last time the two spoke was when Netanyahu visited Mar-a-Lago on July 26th.

"I did encourage him [at the time] to get this over with," he said. *"You want to get it over with fast. Have victory, get your victory, and get it over with. It has to stop, the killing has to stop."*

Woodruff evidently finally got the message loud and clear on Wednesday, the day she posted a tweet completely backtracking from her previous accusation.

"I want to clarify my remarks on the PBS News special on Monday night about the ongoing cease-fire talks in the Middle East," she wrote. *"As I said, this was not based on my original reporting; I was referring to reports I had read, in Axios and Reuters, about former President Trump having spoken to the Israeli Prime Minister."*

"In the live TV moment, I repeated the story because I hadn't seen later reporting that both sides denied it. This was a mistake and I apologize for it," she added.

'Do Democrats ever think?' Politico under fire for pro-Walz report that's 'racist' through and through

Is Tim Walz, Black women see the 'right white man' for VP, Racist? <https://t.co/>

Politico really stepped in it on Wednesday by publishing a racist, pro-Democrat Party propaganda piece that critics find very objectionable.

Everything about the piece/report reeks of racism, including its stunning headline: *"In Tim Walz, Black women see the 'right white man' for VP."*

"Coles, donning a 'Win With Black Women' pen on the collar of her dress, said she appreciates that Walz, the Minnesota governor, does not appear intimidated by being a subordinate to 'a [b]lack woman with the caliber' of Harris," Politico notes.

Harris was, as previously reported, a nobody

"Though many acknowledged they knew little about him at the time, many found themselves gravitating to the Midwestern governor for the same reasons other Democrats say they do," the report continues. *"They said they admire his working-class background, but also his signing of legislation that spoke to Black communities."*

Evidently, black Democrat women are very impressed with his supposed record as governor.

I wonder how much money and property black people lost when the "right white male" let their city burn for 4 nights in 2020?

"It's a natural fit and a natural partnership for a man who has dedicated his life to serving others," Rep. Jennifer McClellan, a black woman, said of Walz's transformation from radical governor to radical vice-presidential candidate.

"A 21-year-old delegate from Tennessee, Dottie Ferreira, got to hear Walz speak when he headlined the Black Caucus meeting at the DNC on Monday," according to Politico. *"She said he 'had the crowd going, especially [b]lack women.' It was a moment, she said, that made clear to her that Walz was capable of seeing beyond race."*

Willie Brown says Kamala Harris threatened him with indictment after their affair that helped launch her political career – BPR (@BIZPACReview) January 28, 2019

Notice how Politico capitalized black but left white in lowercase.

The piece goes on to report how race-obsessed Democrat black women are pleased with Minnesota Gov. Tim Walz's performance *"as cheerleader and chief promoter of a [b]lack woman."*

Walz is, as previously reported, running to be vice president alongside presidential candidate Kamala Harris, a black woman.

One of the black women Politico spoke to was Brenda Coles of Virginia.

who quickly rose up in power by having an affair with former San Francisco Mayor Willie Brown, a man decades her senior.

Politico's piece goes on to note how black women have been falling in love with Walz.

"In nearly two dozen interviews, Black women who serve as Democratic strategists, activists and elected officials and convention attendees, said they became Walz fans when he spoke at a rally with Harris in Philadelphia earlier this month," it reads.

I NEVER CARED THAT YOU WERE GAY, UNTIL YOU STARTED SCREAMING IT AT ME!

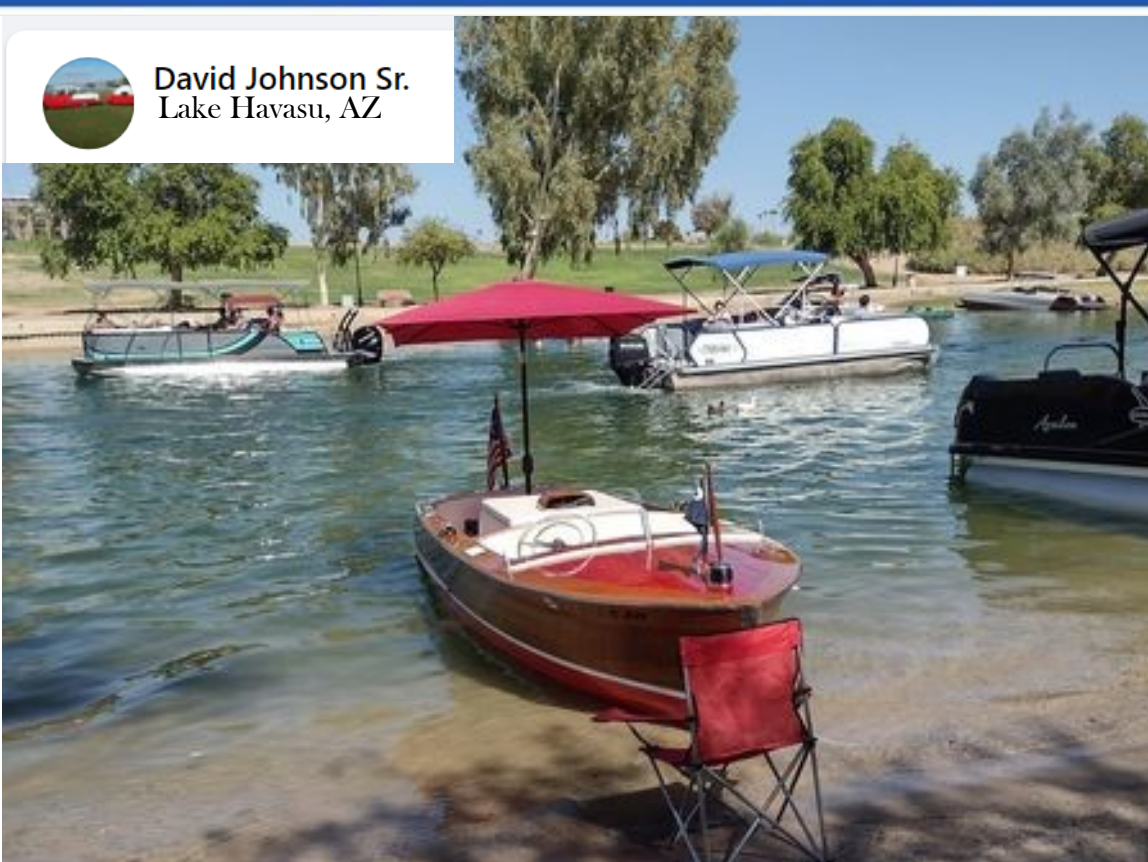

I NEVER CARED WHAT COLOUR YOU WERE, UNTIL YOU STARTED BLAMING ME FOR YOUR PROBLEMS!

I NEVER CARED ABOUT YOUR POLITICAL AFFILIATION, UNTIL YOU STARTED CONDEMNING ME FOR MINE!

I NEVER REALLY CARED WHERE YOU WERE BORN. UNTIL YOU WANTED TO ERASE MY HISTORY & BLAME MY ANCESTORS FOR YOUR PROBLEMS!

I NEVER CARED YOUR BELIEFS WERE DIFFERENT TO MINE, UNTIL YOU SAID MY BELIEFS WERE WRONG!

BUT NOW I CARE, MY PATIENCE & TOLERANCE ARE GONE! I'M NOT ALONE IN FEELING THIS! MILLIONS OF US FEEL LIKE THIS!

Exclusive: Tim Walz has a history of rubbing elbows with nonprofit linked to Chinese intel and influence agency

Who is the Real Tim Walz? The more I read and hear about him the more aware I am that he is not the buffoon he makes himself out to be, or as I view him. His silly and off times out right stupid antics and insane policies seem to be more like playing to the population and media than having any real substance.

Unlike Biden who is an outright buffoon who tries very hard not to be without any success. Yes, he was elected president of America which is a bigger fable than the love between J. Edgar Hoover and the Kennedy's.

The Democrat Socialist propaganda machine AKA Main Stream Media, Big Tech and Social Media have played Walz up as the “Good Ol’ Boy” coach and teacher but not one word that he spent years promoting China and even spent a year teaching in China or that he is fluent in the Chinese Mandurian language.

And not to mention Kamala Harris, who is both stupid and dumb and so far out of her depth that I’d prefer to leave it at that and allow you to come to own conclusions. Like Biden, she could very easily be elected should the oversight of the voting machines be as absent as they were in 2020. And given the millions of illegal migrants that have already registered to vote and will most likely cast their ballots as absentees.

Once again, “Who is the Real Tim Walz?”

A woman walked into the kitchen to find her husband stalking around with a fly swatter. "What are you doing?" she asked.
"Hunting flies," he replied.
"Oh, killed any?" she said.
"Yep, 3 males, 2 females," came the answer.
Intrigued, the wife asked, "How can you tell them apart?"
Husband: "3 were on a beer can, 2 were on the phone."
